Reference: June Monthly Report (5/1/10-5/31/10)

Dear Ms. Della Rocco:

This letter is in response to your request for additional information, dated June 30, 2010.

1. The Committee traded in a previously owned vehicle for another vehicle. The fair market value of the trade in, as established by the car dealership and blue book value, was disclosed on Schedule A of Line 17. The full purchase price of the replacement vehicle was disclosed on Schedule H4.
2. The above referenced report has been amended to accurately disclose the payment to Under the Power Lines for voter ID on Schedule B, Line 30b.
3. As was previously explained in our letter dated 6/9/10, Elizabeth Donehue is a fundraising consultant to the Party and advises the Committee on its entire fundraising program. There is no particular event or effort attributed specifically to her services. As with all party consultants, her monthly fees are allocated on the administrative percentage basis. Donehue Direct is also a consultant to the overall program and falls under the administrative ratio. The Palmetto Club expense was actually a party meeting expense, not a fundraising catering expense. The above referenced report has been amended to clarify this expenditure.
